## **BASF increases prices for its Care Chemicals portfolio globally**

With immediate effect, BASF's Care Chemicals division increases prices for its portfolio globally.

The price adjustment is in response to continuously surging raw material, transportation, and energy costs.

### **About the Care Chemicals division at BASF**

The BASF division Care Chemicals offers a broad range of ingredients for personal care, home care, industrial & institutional cleaning, and technical applications. We are a leading global supplier for the cosmetics industry as well as the detergents and cleaners industry, and support our customers with innovative and sustainable products, solutions and concepts. The division's high-performance product portfolio includes surfactants, emulsifiers, polymers, emollients, chelating agents, cosmetic active ingredients and UV filters. We have production and development sites in all regions and are expanding our presence in emerging markets.
