

BASF in Sri Lanka

Overview

At BASF, we create chemistry for a sustainable future. We combine economic success with environmental protection and social responsibility. Our portfolio is organized into five segments: Chemicals, Performance Products, Functional Materials & Solutions, Agricultural Solutions and Oil & Gas. BASF has been active in Sri Lanka for more than 80 years. With 25 employees, as of the end of 2017, and a state-of-the-art concrete admixtures production plant with a laboratory for quality assurance and warehousing complex at Sapugaskande, BASF registered sales of approximately €23 million to customers in Sri Lanka in 2017. BASF in Sri Lanka also contributes to the local community with initiatives that support relief and rehabilitation efforts.
