

# BASF in Bangladesh

## Overview

At BASF, we create chemistry for a sustainable future. We combine economic success with environmental protection and social responsibility. Our portfolio is organized into five segments: Chemicals, Performance Products, Functional Materials & Solutions, Agricultural Solutions, and Oil & Gas.

BASF has been operating in Bangladesh since 1966. BASF offers a wide range of products and solutions to support key industries in Bangladesh, ranging from chemicals, plastics and performance products to agricultural products and care chemicals. BASF operates a production site for construction chemicals in Dhaka to support infrastructure development in Bangladesh. BASF Bangladesh contributes to the local community through selected projects focusing on health and hygiene.
